DISTRICT CHAIRMAN'S MESSAGE

I have immense pleasure to say that our first District Conference is being held at Berhampur on the 15th and 16th of February 1986 along with the R. I. District 326 conference. But for the strenuous job done by Mrs. I. Padavanti and her associates of I. W. Club of Berhampur, who have the privilege of hosting the first Conference, and co-operation extended by the R. I. District 326 as well as all the I. W. Clubs of the District, this Conference would not have come into its being to-day. I thank them all. On this happy occasion, we have the proud privilege of having in our midst, Mrs. Shubh Manchanda, the President of Association of Inner Wheel Clubs in India as the Chief Guest.

As all the Inner Wheel members are aware, the I. W. Dist. 326 came into existence on 1st of July 1985, prior to which the I. W. Clubs of this District were affiliated to I. W. Dist. 315. Two years ago when the feeling that they should form a new District gained a momentum amongst the Rotariannes in the District-326, this new District took its final shape and was inaugurated by the then Association President Mrs. Mano Bhaktavatsalam.

During the period it started functioning till to-day a total of 12 Clubs have been added to the District, having a total membership of more than two hundred. Efforts are on the way to enlist more clubs and I hope the number will go upto 15 soon.

“Together we serve Better” is the theme given for the year by our Association President and I am glad to say that all the Clubs in the District have planned their activities in such a manner so as to do justice to this theme. Many activities were organised throughout the District involving women and children from cross-sections of the society. The I. W. District is nevertheless assisting our Rotarians in their activities of service to the community.

Berhampur where the Conference is being held has a long tradition of hospitality and leadership in the field of Rotary in the District and I am sure with that tradition the first Conference of our District-326 would go a long way in setting a trend and showing the path to the entire District for the future Conferences.

I wish the Conference a grand success.

Lalita Jain.
