Dear Inner wheel Sisters

As we embark in this New Inner Wheel year it gives me immense Joy and satisfaction to release E-bulletin Jhalak-2021-22 which is the pride and legacy of District 326. I am extremely glad to continue the chain of being a District Editor and privileged at the same time to get the opportunity to portray the wonderful works of the clubs of District 326. I along with the enthusiastic Presidents and Editors would like to showcase the efforts and the work done by the clubs of our district through this E-bulletin

The work against the notorious Corona virus seems to continue till eternity in spite of serious persistent human endeavors. So keeping safety as their Priority the Leaders of Different Clubs along with Members have put their heart and soul in serving the needy during this difficult time.

This year our IIW theme Pink First conveys the messages Women helping Women. The priorities of pink First are Health-Education-Opportunity and Empowerment. Now the time has come Stronger Women leads to Stronger World, the theme for social activities for the next three years 2021-24. Association theme "SHEROES" is all encompassing in uplifting women status in India.

Before I conclude I must thank all my District colleagues and club officers for reporting projects information on time and extending their wholehearted co-operation.

Every woman's success should be an inspiration to another. We're strongest when we cheer each other on. One of the most beautiful sounds that I have heard is the sound of a beautiful, strong woman's voice once

She has discovered her true worth...

She sounds empowered ...

She sounds confident ...

but most of all ...

She sounds free.

Let us join hands, and unitedly work for the betterment of the lives of many around us, through this lovely platform of service and friendship i.e. our Inner Wheel club. I also request you all to focus on spreading the wings of Inner Wheel, by contributing to its membership growth and involving strategic efforts to meet member's needs and wishes.
