

## DISTRICT CHAIRMAN SPEAKS...

**MRS. RASIKA BAHADUR**

My dear Inner Wheel Sisters

Heart felt greetings to all of you.

I am really happy and privileged to present before your centennial district chairman. I place on record my deep sense of gratitude to all the past district chairmen and members for reposing faith on me as district chairman.

An American business magnate philanthropist and one amongst wealthiest people, Warren Buffet once observed, “there will never be a better you than you” what a virtuoso insight, isn’t it!!

The deepest need of a human being is the need to belong. We are happiest when we feel connected to others, when we are part of a community. One of the greatest features of Inner Wheel is the opportunity given to its members all over the world to get to know one another that is contributing to international friendship, understanding, cooperation and ultimately rendering service to the society.

“You have to dare to speak up to be different to be the first. That’s how role models are established”

What can be a better thought to celebrate this hundredth year of Inner Wheel organisation and a perfect goal of TRAIL BLAZER.

This theme encompasses a very broad spectrum of what we as a Inner Wheel Club member can do it, to make a remarkable difference in community, society and at world at large.

The meaning truly justifies the occasion where Inner Wheel organisation with its pure efforts of service, cooperation and friendship is completing its hundredth successful year and an undoubted moment to live a legacy of being trailblazer.

Decision on celebrating centennial year is also based on the theme of being Rasika

RA – To be RATHARVA to the society in guiding to be a tech savvy citizen.

SI – Helping the women to be MIMRITA by educating, uplifting and empowering them.

KA – To be KANAK “shine a light” in people’s life.

We cannot imagine world without technology. We as a part of Inner Wheel Club should empower our youth women and girls to be tech savvy by providing them workshops and practical training sessions on social media, online bank accounts, how to start our run your own business with the age of technology and many more areas to be discovered and explored.

I urge humbly to the clubs to work in the direction of Association goal “TRAIL BLAZER”

I during my tenure would be extending all sort of help in this area of service. These transplants I strongly believe brings more physical functionality to the people who need them...it increases their ability to a far extend in performing daily activities which they are deprived....

Every grain of effort has its own effect and convert all your goals into memorable events and achievements. Let us compose new rhymes of contribution achievement and celebrations this year....

With these sagacious words, I wish all the very best in your endeavors.

**Rasika Bahadur**

District Chairman 326 (2023-24)
