# INTRODUCTION

Literacy is the pathway to human progress — a powerful bridge that lifts every man, woman, and child from misery to hope, enabling them to realize their full potential and dreams.

It is the ladder to get out of poverty, the foundation for a better future. That's why we must unite and wage a determined war against illiteracy through the Inner Wheel India Literacy Mission.

To achieve total LITERACY and quality Education, We have designed a Comprehensive Program called

**"D-I-S-H-A"**

# INNER WHEEL INDIA LITERACY MISSION

(A COMPREHENSIVE PROGRAM NAMED DISHA)

- D** – DEVELOPMENT OF CHILDREN
- I** – IMPROVE TEACHERS' SKILLS THROUGH TEACHERS' TRAINING
- S** – SMART LEARNING/ SMART CLASSROOMS
- H** – HAPPY SCHOOL
- A** – ADULT LITERACY

# DEVELOPMENT OF CHILDREN

## IILM DISHA

### DEVELOPMENT OF CHILDREN

- 1. Through this child development program of IILM we need to see that there are no dropouts from school in rural areas, slum areas ,or in underprivileged families due to the non payment of fees at the primary, middle or secondary level.**
- 2. Arrangements should be made for payment of school fees, to help them continue their education at all levels.**
- 3. Any drop out after school not able to continue higher studies, college level or professional courses should be taken into consideration and financial help in the form of fees should be arranged. Very aspiring students dropping out due to financial condition should be taken up on priority basis.**

- 4. All-round development activities and vocational courses for the development of children to be designed and implemented.**
- 5. Plan activities like visits to Post office, Hospitals, Hotels, Airports, Bus stands, Shopping Malls etc. to be planned to teach them awareness about the social presence.**
- 6. Moral and Civic values to be taught.**
- 7. Empowering the Under Privileged Children through various Initiatives such as 3 A'S (Anand, Ahaar and Akshar)**

## TEACHERS' TRAINING

# SMART LEARNING / SMART CLASSROOMS

**IILM DISHA**

**SMART LEARNING / SMART CLASSROOMS**

**To aim at improving the teaching, learning experience through smart boards, audio visual modes.**

**We need to start and provide**

**Smart boards : to play videos and give presentations of topics**

**E-learning programs as audio visual modules, led projectors or tv sets with teaching modules and e lessons for all the classes from nursery to primary, primary, secondary classes.**

**Computers to be provided to make learning interactive through texts, images, audio, video and animation. Educational software and games make learning more fun and interactive.**

**All this will help increase the number of students regularly attending schools.**

**Aims to reach out and provide :**

**Ensure greater attendance**

**Increase focus**

**Sharpen capabilities**

**Make learning joyful and give bright results and produce smart and intelligent students.**

**Please think & plan 'GARAGE INNER WHEEL SCHOOLS' - can be in the form of evening tutorial classes, classes for those who are not attending schools.**

## WHY SMART LEARNING?

- The Annual Survey of Education Report (ASER) for elementary schools in rural India shows:
- Over 42% of class V students are unable to read class II level texts and
- Nearly 20% of class III students not recognizing numbers 1 – 100.
- A Report of UNICEF states- “for too many children, though, school is not always a positive experience. Some endure difficult conditions, like missing or inadequate teaching materials or makeshift sanitation facilities. Others lack competent teachers and appropriate curricula.”
- Fusion of - in person & E learning
- Flexibility of Teaching & learning hours.
- Bringing children back to school.

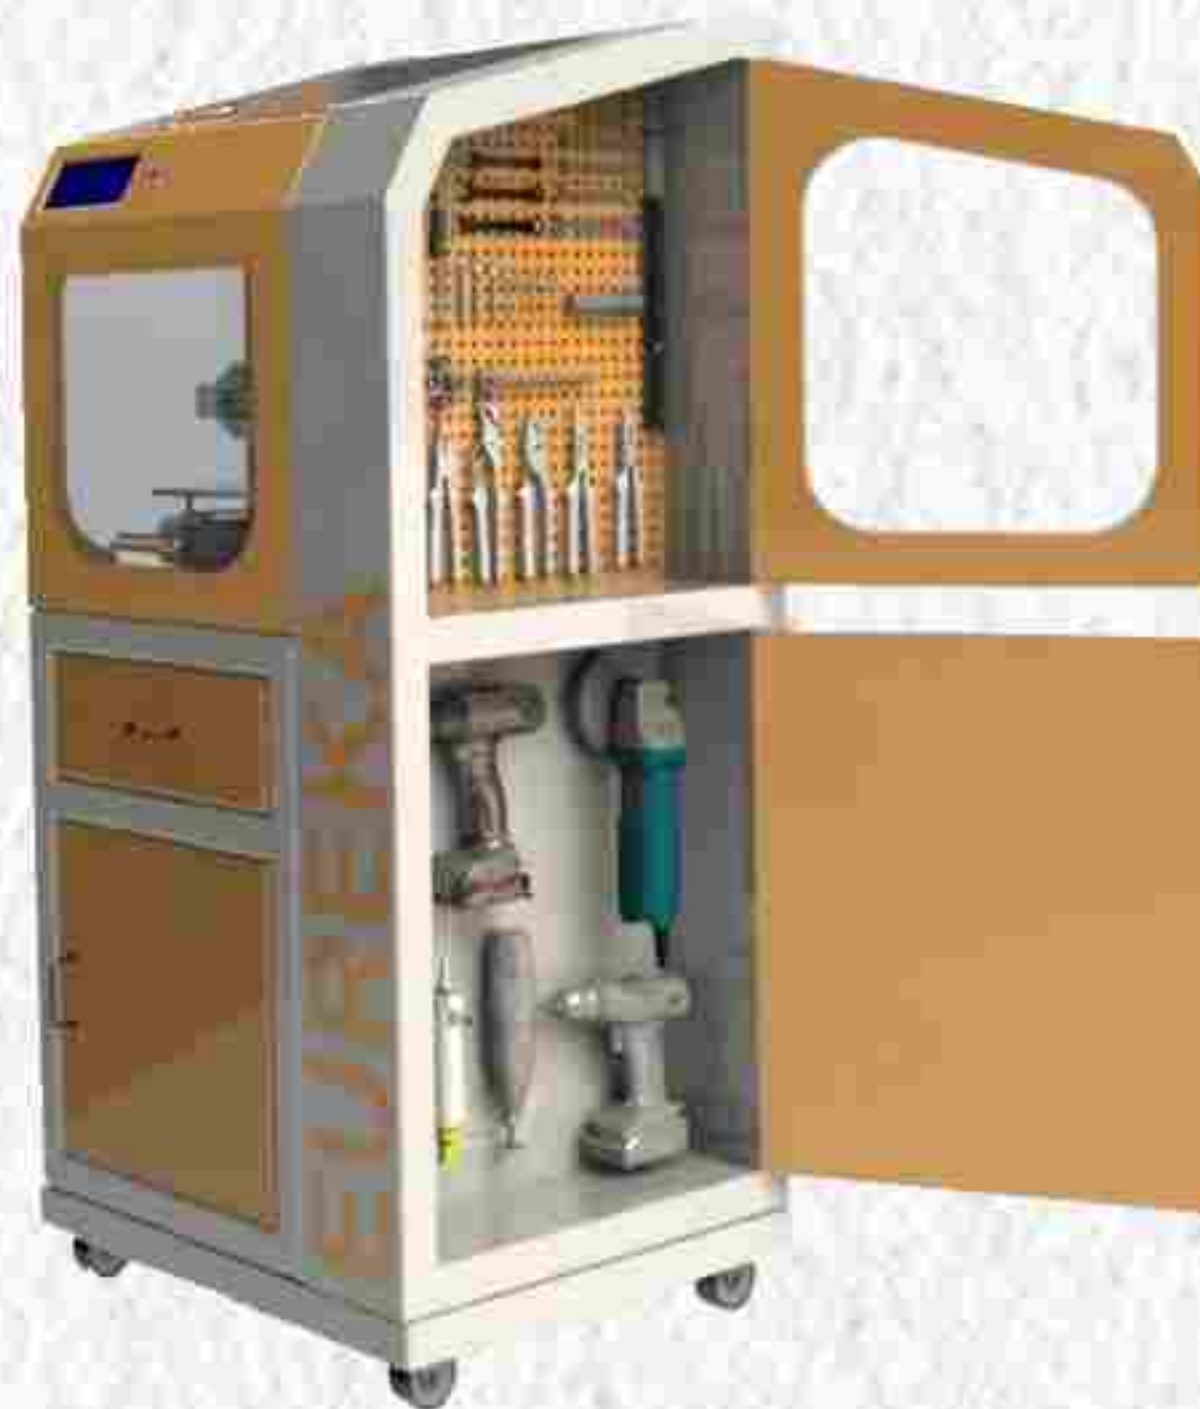

Smart learning is all set to drive the **E-Learning Revolution** in Government and Government –Aided Primary Schools, NGO Schools through a simple model:

- Provision of high quality projector and power pack sets
- High quality, audio-visual, interactive e-learning modules in local languages and mapped to respective State Boards.
- E-Learning vans to travel in far away areas
- Through Hybrid & E Learning reaching places – not easily accessible
